of the Christian Church (Disciples of Christ)

ALEX Yearbook Reporting is now **open**, and the Christian Church (Disciples of Christ) has begun collecting 2025 data from congregations.

With over 2,800 congregations across the life of our church, the Yearbook is more than a report. It is a reflection of our shared ministry. Every congregation counts, and every report helps ensure our church is accurately and faithfully represented. Completing your Yearbook report includes your congregation in denominational records, leadership planning, and ministry support, helping tell a fuller story of how God is at work among us.

Maintaining an active listing in ALEX is also a requirement for your congregation to maintain its ability to accept tax-deductible donations via non-profit 501(c)(3) status filed on your behalf by the denomination.

To submit your Yearbook data, you will need to sign in to your ALEX account as the Yearbook reporter for your congregation. Please note that the report does **not** have to be completed by the pastor. If you prefer, you may designate an elder, deacon, or lay member to serve as the point person for submitting the information. Use the link below for instructions on how to enter your Yearbook report data.
