

ARKANSAS DW SERVICE PROJECT 2026

No cost Lodging

Home for Healing offers no-cost lodging for parents with a baby in the NICU, cancer patients and their caregivers, and families with a loved one in ICU receiving care at any of the local hospitals.

The Home provides a peaceful and restorative environment with all the all the supplies guests will need so they can fully focus on their healing journey. Reservations are made with a referral through your social worker at your treatment facility. This service impacts those from across the state who receive treatment in central Arkansas.
